NOTES

INTRODUCTION TO SCORING

This scorecard is from a fictional game between the New York Highlanders and the Boston Red Stockings. This four inning sample shows the Highlanders (Home Team) at bats and should give you a general idea of how a game is scored. The method I use to keep score is a mix of traditional methods with a few personal touches that I have added. There are many different ways to keep score; there is no 'official' method. Ideally, you should be able to understand almost exactly how the game progressed by looking only at your scorecard.
